

JEEC 2014

6-11
April

Austria,
Attnang-
Puchheim

PART 3: THE COUNTDOWN STARTS

Five weeks until JEEC 2014 left. Time to awake from hibernation, get into shape and dust off your equipment. Also time to give you some useful information.

What you will need

- Umpire pants (heather gray or charcoal), best to bring an extra pair
- Field shoes (no spikes) and shoeblack equipment
- Mask, chest protector, shin guards, cup, indicator, brush
- Gloves and warm underwear (optional)

You won't need plate shoes and ball bags.

You also don't need shirt, cap and jacket if you ordered a clinic package.

Otherwise bring a navy uniform with you.

- Notebook and pencil: In 5 days we try to stuff a lot of know-how into your brain, so if you won't forget everything it is a good idea to make notes, many notes (we don't charge you extra for this

information). Of course you will get some handouts too. A memory stick will be useful if you intend to copy some videos or other files.

Registration

Registration will be possible on Sunday, April 6th from 4.00 pm to 6.00 pm at the hotel, this takes just a few minutes. There you will get the room key and – if ordered – your clinic uniform.

Money

Austria is part of the European currency union, so we use the Euro here. If you arranged payment at clinic bring the money cash in Euro to the registration at the hotel (no dollars, lira or cowry shells), also for clinic uniform package (35€) and additional contribution for single room (60€, if you preordered one).

Dress Code

We wear uniforms (clinic shirt and grey pants) in the classroom and on the field, no hats in enclosed rooms.

No sunglasses on the field (only if you must use them for medical reasons)!

We want you to use your

eyes properly on the field and also want to see them doing it.

Photos

We will have a professional photographer and all photos will be uploaded at the JEEC homepage. Private photography in the classroom and on the field is allowed with permission only. Between the lessons of course feel free to take as many shots as you want (or your memory card can take).

Meals

Breakfast and lunch is included in the clinic fee, dinner package is 50€ extra. Most of you booked dinner, for all others we will prepare a list of shops and restaurants near the hotel. On Friday evening we organize a little banquet for everyone with buffet, speeches and handout of clinic certificates. Maybe there is more program but this is still a secret.

Transfers

From Monday through Friday we have to drive once a day to the field and back to the hotel. It's just a short 5 minutes' drive by car and we will establish fixed carpools for the whole week.

Weather conditions

These are very hard to predict. Beginning of April in Austria we can have sunny warm weather but also rain, wind and maybe snow. Anyway we try to be on the field as much as possible. A little bit of rain and cold temperatures cannot scare us! Gloves and warm underwear will help to survive.
